COF211: Kenyan AA Gatina

Apple, black currant, and some woodisness - light strawberry flavor. Some floral notes. Medium acid and a nice clean aftertaste.

Cupping/Tasting Notes:

This was a unique one. I had to cup it twice to make sure I didn't mix up samples - it really had some Sumatra like flavors going on! The aroma had a cedar woodsiness background by typical Kenyan aroma. The flavor followed - apple, black currant, cedar, a little bit of earthiness. Med. acid and medium body - with a clean aftertaste
