### COF220: Ethiopian Yrgacheffe Gr. 2

*Very nice tangerine and lemon notes with great spice/floral flavors - almost a candy like sweetness. Med+ body and acidity with pleasant aftertaste.*

#### Cupping/Tasting Notes:

The aroma has plenty of lemon and tangerine notes with hints of just enough spice to temper it - vanilla+others. The flavor follows, accentuating spice and floral flavors a bit more. The acidity is bright with this one - as all good Yrgacheffe tends to be. Med+ body helps to temper it, while a pleasant aftertaste is left.

#### Roasting Notes:

This is a bright coffee, so you can feel free to roast a little darker with this one. I personally find that the best flavors come out in the City+ range. Roasts under that level will be for the brave only - that's the some strong stuff. Roast above for a slightly reduced brightness and fuller body - (also a bit less varietal character).

(Recommended Roast Levels)

#### My Notes and Impressions:
