

	Safety Data Sheet	Doc. No.: Revision: Date Prepared: Page No.:	SDS30105 3 08/09/2025 1 of 7
---	----------------------------	--	---------------------------------------

SECTION 1: IDENTIFICATION OF THE SUBSTANCE/ MIXTURE AND OF THE COMPANY/ UNDERTAKING

1.1 Product identifier:	30105 Still Spirits Profiles Adjunct Distiller's Caramel
1.2 Relevant identified uses of the substance or mixture and uses advised against:	Relevant identified Use: Concentrated food flavour, intended for further dilution in water and alcohol prior consumption, as per product instructions. Uses advised against: Not available
1.3 Details of the supplier of the Safety Data Sheet:	Bevie Handcraft NZ Limited <u>Address:</u> 328 Rosedale Road, Albany, Auckland, New Zealand <u>Telephone:</u> +64 9 415 1206 <u>Email:</u> customerservice@bevie.co
1.4 Emergency telephone number:	Telephone number: +64 9 415 1206 Opening Hours: 7.30am to 4.30pm, Monday to Thursday; 8.00am to 2pm Friday

SECTION 2: HAZARDS IDENTIFICATION

2.1 Classification of the substance or mixture 2.1.1 Classification according to Hazardous Substances and New Organisms (HSNO) Not classified as hazardous. 2.1.2 Classification according to Globally Harmonised System (GHS) Not classified as hazardous. 2.1.3 Additional information	
2.2 Label elements Labelling according to GHS	
Hazard pictogram(s):	Not applicable.
Signal Word:	Not applicable.
Hazard Statement(s):	Not applicable.
Precautionary Statement(s):	Prevention: Not applicable. Response: Not applicable. Storage: Not applicable.
2.3 Other hazards	Not available

	Safety Data Sheet	Doc. No.: Revision: Date Prepared: Page No.:	SDS30105 3 08/09/2025 2 of 7
---	----------------------------	--	---------------------------------------

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Substance	CAS #	Proportion	Classification according to HSNO
Hazardous ingredients (s) Not applicable			
Non-hazardous ingredient(s)			
Water	7732-18-5	<50%	n/a
Colouring (caramel)	8028-89-5	>50%	n/a

SECTION 4: FIRST AID MEASURES

4.1 Description of first aid measures:

Use personal protective equipment as required. An eyewash and safety shower should be readily available. In the case of sudden unwellness seek medical advice.

Following inhalation:	Move patient to place with fresh air. Ventilate. If respiratory symptoms occur seek medical attention.
Following skin contact:	Product may temporarily stain skin. Wash with soap and water. If irritation occurs seek medical attention.
Following eye contact:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
Following Ingestion:	Rinse mouth with water and drink plenty of water to dilute substance. Do not induce vomiting. Obtain medical advice if irritation occurs.
Self protection of the first aider:	Personal protection equipment is recommended. (See Section 8)

4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects: No significant symptoms are expected to occur due to the non-classification of the product.

4.3 Indication of any immediate medical attention and special treatment needed

Treatment: Treat symptomatically.

SECTION 5: FIRE FIGHTING MEASURES

5.1 Extinguishing media:	Suitable extinguishing media: CO2, Dry Chemicals, Foam, Water Unsuitable extinguishing media: Avoid high pressure media which could cause the formation of a potentially explosive dust-air mixture.
---------------------------------	---

5.2 Special hazards arising from the substance or mixture:	Hazardous combustion products: Heat may generate irritating vapours.
5.3 Advice for fire-fighters:	Wear suitable breathing apparatus, flame and chemical resistant clothing, boots and gloves.

SECTION 6: ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures

6.1.1 For non-emergency personnel	Ensure adequate ventilation. Eliminate sources of ignition. Consider need for evacuation. Clear area of all unprotected personnel. Wear appropriate protective clothing and respiratory protection.
6.1.2 For emergency responders	

6.2 Environmental precautions:	Prevent the material from entering drains or water courses. If unpreventable, advise authorities. Use temporary bund or impervious barrier. Standard absorbents can be used. Prevent further leakage or spillage if safe to do so.
---------------------------------------	--

6.3 Methods and material for containment and cleaning up

6.3.1 For containment:	Contain and absorb using earth, sand or other inert material. Sweep up, wiper up or vacuum up spillage and collect in suitable container for disposal. Transfer into suitable containers for recovery or disposal. Spillages will create a fire hazard.
6.3.2 For cleaning up:	
6.3.3 Other information:	Not available

6.4 Reference to other sections	For personal protection see section 8.
--	--

SECTION 7: HANDLING AND STORAGE

7.1 Precautions for safe handling:	Protective measures: Handle in accordance with good industrial hygiene and safety practices. Protect against fire and explosion by avoiding sources of ignition. Where aerosols are created use suitable dust mask or breathing apparatus. Maintain good ventilation. Do not eat, drink or smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas.
7.2 Conditions for safe storage, including any incompatibilities:	Keep container tightly sealed and dry. Stainless steel or polyethylene containers are preferred. Protect against moisture, ignition sources and incompatible materials. Elevated storage temperatures accelerates product degradation. Incompatible with strong oxidising agents. Avoid extended storage by using as soon as possible within designated shelf life.
7.3 Specific end use(s):	For use as a colour where permitted. It is the user's responsibility to ensure that the conditions and possible uses of the product conform to local laws and regulations.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Control parameters

8.1.1 Occupational exposure limits: Not applicable.

Information on monitoring procedures: Not available

DNEL/DMEL and PNEC-Values: Not available

8.2 Exposure controls

8.2.1 Appropriate engineering controls:

Keep airborne concentration of product low by enclosing production processes whenever possible. An eyewash and safety shower should be readily available.

8.2.2 Personal protection equipment:

Eye and face protection:
Wear protective glasses, goggles or face shield.

Skin protection:
Wear protective gloves during manufacturing and handling of this product.
Special clothing is not normally necessary when manufacturing or handling this product within a closed system. Wear chemical resistant full body coveralls whenever there is a possibility of splash or appreciable contact during manufacturing or handling.

Respiratory Protection:
Work in well ventilated area. In case of insufficient ventilation, wear suitable breathing apparatus.

Hygiene measures: Avoid contact with skin, eyes and clothing. Wash hands before breaks and immediately after handling the product.

Protective measures: When using, do not eat, drink or smoke.

8.2.3 Environmental exposure controls:

Not available

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Appearance:

Dark brown liquid

Odour:

Characteristic

Odour threshold:

Not available

pH:

Not available

Melting point/ freezing point:

Not available

Initial boiling point and boiling range:

Not available

Flashpoint:

>90°C (ASTM D93A)

Evaporation rate:

Not available

Flammability (solid, gas):	Not available
Upper/ lower flammability or explosive limits:	Not available
Vapour pressure:	Not available
Relative density:	Not available
Solubility:	Miscible in water and ethanol
Partition coefficient: n-octanol/water:	Not available
Auto-ignition temperature:	Not available
Decomposition temperature:	Not available
Viscosity:	Not available
Explosive properties:	Not available
Oxidising properties:	Not available

SECTION 10: STABILITY AND REACTIVITY

10.1 Reactivity:	No hazardous reactions occur under normal conditions of use and storage as indicated.
10.2 Chemical stability:	Product has a tendency to continue the polymerization process forming a gel. This product is stable under normal storage conditions. Avoid extended storage by using as soon as possible within designated shelf life.
10.3 Possibility of hazardous reactions:	No hazardous reactions occur under normal conditions of use and storage as indicated.
10.4 Conditions to avoid:	May degrade in light. Avoid extended storage by using as soon as possible within designated shelf life.
10.5 Incompatible materials:	Avoid strong acids, bases, and oxidising agents
10.6 Hazardous decomposition products:	No known hazardous materials produced upon decomposition when used as directed.

SECTION 11: TOXICOLOGICAL INFORMATION

11.1 Information on toxicological effects	
Acute toxicity:	Not available
Skin corrosion/irritation:	Not available
Serious eye damage/irritation:	Not available
Respiratory or skin sensitisation:	Not available
Germ cell mutagenicity:	Not available

	Safety Data Sheet	Doc. No.: Revision: Date Prepared: Page No.:	SDS30105 3 08/09/2025 6 of 7
---	----------------------------	--	---------------------------------------

Carcinogenicity:	Not available
Reproductive toxicity:	Not available
Summary of evaluation of the CMR properties:	Not available
STOT-single exposure:	Not available
STOT-repeated exposure:	Not available
Aspiration hazard:	Not available

SECTION 12: ECOLOGICAL INFORMATION

12.1 Toxicity: No information available for mixture	
Acute (short-term) toxicity:	Not available
Chronic (long-term) toxicity:	Not available
12.2 Persistence and degradability:	Not available
12.3 Bioaccumulative potential:	Not available
12.4 Mobility in soil:	Not available
12.5 Results of PBT and vPvB assessment	Not available
12.6 Other adverse effects	Not available
12.7 Additional information	Not available

SECTION 13: DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods	Dispose in accordance with applicable local and national regulations. Avoid disposing into drainage systems and into the environment.
-------------------------------------	--

SECTION 14: TRANSPORT INFORMATION

14.1 UN number:	Not applicable. Not classified as a dangerous good.
14.2 UN proper shipping name:	Not applicable. Not classified as a dangerous good.
14.3 Transport hazard class(es):	Not applicable. Not classified as a dangerous good.
14.4 Packing group:	Not applicable. Not classified as a dangerous good.
14.5 Environmental hazards:	Not applicable. Not classified as a dangerous good.

	Safety Data Sheet	Doc. No.: Revision: Date Prepared: Page No.:	SDS30105 3 08/09/2025 7 of 7
---	--------------------------	--	---------------------------------------

14.6 Special precautions for user:	Not applicable. Not classified as a dangerous good.
14.7 Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code:	Not applicable. Not classified as a dangerous good.

SECTION 15: REGULATORY INFORMATION

15.1 Safety, health and environmental regulations/ legislation specific for the substance or mixture: NZ HSNO Group Standard Approval number HSR002576 (Food Additives and Fragrance Materials)	15.2 Chemical Safety Assessment: Not available
---	--

SECTION 16: OTHER INFORMATION

16.1 Indication of changes:	Updated company name.
16.2 Key Literature references and sources for data:	Supplier raw material safety data sheets External flash point testing of mixture EPA: Assigning a Product to a HSNO Approval Revised August 2013 NZ Workplace Exposure Standards 2017 UN Globally Harmonised System of Classification and Labelling of Chemicals (GHS), 4 th revise edition 2011
16.3 Legal Disclaimer: Technical information contained herein, including recommendation(s) for use is, to the best of our knowledge, true and accurate at the time of preparation. This document shall be used only as a guide. A new safety data sheet shall be prepared upon introduction of new ingredients or when there are changes to regulations. Bevie Craft will not accept responsibility for changes to this document by another person or organisation.
